## Maths for Geography Teachers

Two workshops to support geography teachers in the delivery of the maths component of their curriculum

“Inspectors will consider the impact of pupils’ mathematical knowledge, understanding and skills on **outcomes across the curriculum**” (Ofsted Handbook, Paragraph 163)

**Led by:**

**Sue Southward**

Assistant Maths Hub Lead and maths teacher

**Grace Healy**

Geography teacher at Comberton Village College

Continuing this successful Work Group from last year focussing on the new maths elements of the geography curriculum.

**Session 1:** A level requirements: Skills mapping, formulae, statistics and field work, which test when?

**Session 2:** GCSE focus: interpreting statistics and percentages.

**Dates:** 5th December 2017

7th February 2018

**Venue:** Comberton village college, CB23 7DU

**Time:** 4:15—6pm
