

# Spring Meeting 2018

## ATM/MA Cambridge Branch

### Do you teach maths?

**Then you will be welcome at the next joint MA/ATM meeting. For the first time we're bringing together not only teachers with an interest in maths, but also the key local maths education organisations, all meeting at the beautifully designed University Primary School which has recently become the centre for our local Chartered College of Teachers network.**

Each meeting has two distinct purposes:

**News and policy round up:** It's hard enough to keep up with what we're supposed to do now, let alone what's in the pipeline. Be ahead of the game by hearing and sharing the latest news from phase specialists

**Maths for ourselves and the classroom:** How often do you do some maths just for the fun of it? Our speakers will rekindle that enjoyment and offer ideas for your classroom too.

**Could you let us know you're coming?**

**[lm409@cam.ac.uk](mailto:lm409@cam.ac.uk) by 15th March**

**(so we buy enough biscuits.....)**

**What:** A local Teach Meet for anyone who teaches maths: primary, secondary, post 16

**When:** Thursday March 22nd

**Where:** University of Cambridge Primary School, Eddington Avenue, Cambridge CB3 0QZ (public parking available nearby.)

**Time:** Networking, drinks and nibbles from 4.30, meeting 5-6.30

**Other:** MA/ATM members free, (please bring membership number) students £2, non-members £5.

This meeting will focus on the impact of research evidence on our classroom practice. Find out what's going on in the Faculty of Education, NRICH, Cambridge Maths Hub, the University Primary School and Cambridge Maths - plus opportunity for discussion.
