

# Problem Solving and Reasoning!

## **An invitation to primary teachers to attend our problem solving and reasoning work group**

This work group will give opportunities for us to explore NRICH activities, have a go at them and collaborate with other teachers sharing best practice. This work group will increase teachers' knowledge of how NRICH works and ways they can use this resource in school.

NRICH provides rich mathematical tasks that can be used during everyday classroom practice to develop problem solving skills.

Dates: 17th Jan, 21st Feb & 28th March

Time: 1.30-4.00pm

Venue: St John's Church School,  
Peterborough. PE2 5SP

Cost: £50 per participant for all 3 sessions

## Led by: Rosey Durham and Kerran Harwood

### Rosey Durham

Rosey works for the Cambridge Maths Hub as Assistant Maths Hub Lead: Primary Specialist. She has run many workgroups for the hub last year, while training as an NRICH Ambassador.

Rosey also works at Priory Junior School as SENCO, she has several years experience teaching across all KS2 year groups. She has been Maths lead and has completed the MaST qualification.

### Kerran Harwood

Kerran works at St John's Church School and Winyates Primary School as Maths Lead.

She has over 15 years experience working with KS2 and KS3, specialising in maths across the key stages. She is currently Deputy Head at St John's. This year Kerran is working as a 'Local Leader of Maths Education' for the Maths Hub, following her training last year as an NRICH Ambassador.

Click [here](#) to book a place.

No refunds will be made if registrants fail to attend the course without 24 hours notice. OFSTED and extenuating circumstances are the exceptions but we must receive notice of this before the Work Group takes place, otherwise the fee applies.
