

Resourcing the New Maths A Level

As we teach the new A Level, many of us are finding it hard to find good-quality resources on particular topics.

We are researching resources for specific topics that local teachers have identified as high priority. The teachers leading this meeting come from local schools, sixth form centres and the FMSP. We will be sharing the resources we find at a meeting which is open to all teachers. We encourage two teachers to come from each school.

This will take place on Thursday **6th March**, 4.30pm-6pm at Cambourne Village College.
